2024 Ocean Decade Conference

10-12 April 2024
Barcelona, Spain

INTRODUCTION

About the 2024 Ocean Decade Conference

Hosted by the Government of Spain in Barcelona from April 10-12, 2024, the 2024 Ocean Decade Conference gathering will bring together the global community and partners of the UN Decade of Ocean Science for Sustainable Development (2021-2030) to celebrate achievements of the Ocean Decade since its beginning in 2021, and set joint priorities for the Ocean Decade for the future.

The organising committee of the [2024 Ocean Decade Conference](#) warmly invites you to host a booth during the three days of the Conference to raise visibility of your organisation and engage with the 1000 Conference participants from across the globe.

16 booths are available for hosting by partners at the [Centre de Convencions Internacional de Barcelona \(CCIB\)](#) during the event in a high visibility location, namely the Banquet Hall where coffee breaks will be served for Conference participants.

The cost of a standard booth for the duration of the Conference is approximately €3000.

Annex A contains the specifications of a standard booth. Confirmed booth sponsors will be put in contact with the CCIB logistics team to discuss options that could be added to the standard booth for an additional cost. Please note however that the booth size of 3m x 3m is fixed in order to allow adequate space for all booths.

HOW TO SECURE YOUR BOOTH

Booth hosting opportunities are available on a "first come, first served" basis. To secure your booth sponsorship, please contact us at oceandecade@unesco.org indicating the name of the organisation and the focal point, as well as a 1 – 2 paragraph description on how you plan to use the booth during the Conference.

Payment for the booth will need to be made directly to CCIB before 30 January 2024 in order to secure the space.

We look forward to your positive response and are happy to address any further questions via email at oceandecade@unesco.org.
